im wonder to be eligible?

I have passed the future education college
My language skills in English, German and French are quite good.
I also have finished apprenticeship at the „Verwaltung“
I have good skills at computers, spreadsheets and accounting.
Do overtime and working parttime won't be a problem

Good to hear.

Which qualifications are needed/wanted [by the employer]?

I'm single, so there is no problem to go on a business trip.
I love challenges. So it's OK.

Thanks for your advice.
